

## How We Are Related in Christ—Philemon

Greg Stiekes, Pastor

Faith in Christ changes not only one's relationship with God the Father, but one's relationship with other believers as well. In his epistle to Philemon, Paul refers to various relationships that he shares with others who know the Lord Jesus, which, if we can appreciate them, open for us a rich and wonderful understanding of our lives together with other believers in Christ. We will consider these relationships in two categories:

1. Relationships within the service of Christ.

- a. Fellow-prisoner (1, 9, 23)

- b. Fellow-Laborer (1, 24)

- c. Fellow-Soldier (2)

*Next Lord's Day...*

2. Relationships within the family of Christ
